3D Animation

Learn the fundamentals of 3D modeling and animation, bringing characters and environments to life with dynamic storytelling.

Cloud Computing

Understand the principles of cloud technology, including deployment models and services, to leverage cloud solutions for businesses.

ETSAP

Scholarship Program

"In Five years or less, the jobs we have now, and the people with those job roles will become extinct if they do not have at least one emerging tech skill."

EU Report, 2024

The EU-Skillonline- CIRPS-Intertek Consortium requires a **minimum of 300,000 beneficiaries** from Enugu State. The Program has been heavily subsidized by the EU to 3 Euros (N6, 000) application form fee per course. If the 300,000 beneficiary benchmark is not met, the EU-Skillonline Consortium will cancel the program, and have the funds refunded.

To aid this , The Executive Governor of Enugu State has given LGAs have a mandate to onboard a **minimum of 10,000 beneficiaries** in scholarship into this program, to help us achieve a **minimum of 200,000 beneficiaries** on boarded. To further achieve this, Full Scholarships have been extended by the Chairman of the 17th LGAs to the unemployed, secondary School Leavers, and secondary school students from SS1 TO SS3, university undergraduates, and graduates, From the ward level, sll the way to the Local Government council level.

"We are determined to equip our youth with the necessary digital and entrepreneurial skills , Our vision is to train 3,000,000 Enugu citizens over the next 4 Years in Emerging Technology skills such as Artificial Intelligence, Robotics and Software development."

HIS EXCELLENCY DR. PETER NDUBUISI MBAH
Executive Governor of Enugu State

If you are not from any of the LGAs, you are Can still apply directly for the Program, you may not be eligible for the Full scholarship, but you feel free to apply on the same website, from the get started button, and then click on " apply for a course" button. The Program is open to everyone!!!

To register for the Program any category persons, just go to the website www.etsapsfrica.com, click on get started , and select apply for a course. to choose your course and apply and pay the 6,000 per course.

However, to enroll under the scholarship scheme for only people from the 17 LGAs as specified , please follow the process below:

- You have to be an Indigene of the LGA you are applying under. We have an AI-Integrated Model that verifies the authenticity.

- Before you register, make sure you have an email. For secondary school students, you are free to use the email of your parents if you do want to create your own email. Create a Gmail email. It's easy to do from your phone.

- Using a phone, go to www.etsapsfrica.com

- Go to the "get started" and click on it.

- You will see four (4) options. CLICK ON Register under a bulk admin

- Fill out the registration form and insert the BULK ID assigned to your LGA correctly. If the Bulk ID is not inserted exactly as it is written, the registration will not be submitted successfully.

- Please make sure you fill out under the field "Province" in the form, your name of your local Government Area.

- When you have finished filling out the form, click on register
